## Scale Model Railways

### O Gauge Bing for Bassett-Lowke 4-2-2 Johnson Spinner Electric locomotive with 5320 6-wheel Tender

restoration of engine by Simon Greenwood

- Colour match paint on engine to that of tender, before removal, prepare paint surface
- Repair damage to engine: Remove minor dents and straighten, repair to right hand cab side where cut away
- Fabricate new cab roof and missing locomotive fall plate.

- Paint engine in Midland Red (colour matched to original tender)
- Line out in Midland Railway livery
- Hand paint axel boxes and springs to reproduce original "litho" printing
- Hand paint crests on cab side
