## Scale Model Railways

### O Gauge Hornby Shire Class 4-4-0 No. 2 Special Locomotive "Yorkshire" with LNER 6-wheel Tender

Engine restoration and conversion from clockwork to electric by Simon Greenwood - (original tender untouched)

- Colour match existing Hornby LNER Green paint on Tender.
- Removed hand rails, hand rail knobs and whistles from boiler. Removed existing paint from engine, and prepare paint surface
- Re-paint engine in the colour matched LNER Green, in the same style and finish as Hornby.

- Application of reproduction Hornby Transfers, hand lined boiler bands.
- Polished bright work and re-attached, Safety Valve painted brass, Whistle polished brass
- Replaced chassis and re-assemble valve gear.
